

New User - Citrix Access

Thursday, October 20, 2022 12:47 PM

- 1.) Go to: <https://hyatt.service-now.com/serviceportal>
- 2.) Type "Citrix Access Request" in search bar
- 3.) Click on "Citrix Access Request"

- 4.) Under "Who is the user needing access?", enter the user's Global ID
- 5.) Once Global ID is entered, the other two boxes ("Who is the user's manager?" and "What is the user's location (SPIRIT Code)?") should automatically populate
- 6.) Select the appropriate application. If the desired application is not listed, then select "Other" and
*If not, manually enter the information
- 7.) Once completed, click on "Submit" blue-colored button, located top-right of the screen

 A screenshot of the 'Citrix Access Request' form within the Hyatt ServiceNow portal. The form is titled 'Citrix Access Request' and includes a star icon for bookmarks. Below the title, it states 'Service Request to a Citrix application for a single user'. A note indicates that the form is automated and that access will be granted after manager approval. A warning states that it may take up to 24 hours for new access to become available. The form contains three input fields: 'Who is the user needing access?' (highlighted in yellow), 'Who is the user's manager?', and 'What is the user's location (SPIRIT Code?)'. Below these fields, a section titled 'Please check the application(s) that require access.' contains a list of checkboxes: 'Reserve', 'Opera', 'Oracle EBS', 'Hyatt Billing', and 'Other'. The 'Other' checkbox is selected. On the right side of the form, there is a 'Submit' button and a 'Delivery Time: 7 Days' indicator. A sidebar on the left lists various application services, and a bottom section lists requested information including 'Request to create new user', 'Who is the user's manager?', and 'What is the user's location?'.
